

Curriculum Vitae

Asterios Aidonis

19B Delfon St., 55535, Pylaia, Thessaloniki, Greece | +30 6944 865659 | saidonis@gmail.com | asaidoni@he.duth.gr

Information

Academic education

- 2023 PhD, Democritus University of Thrace, Department of History and Ethnology. Dissertation: *“Urban Bioarchaeology: A Biosocial Approach to the Identity of the Inhabitants of Thessaloniki from Its Foundation to the Byzantine Period, through the Study of Anthropological Material from the Metropolitan Railway Excavations”*. Grade: Excellent.
State Scholarships Foundation (IKY) Scholarship (2022–2023, €16,000).
- 2019 MSc in Biological Anthropology, Aristotle University of Thessaloniki, School of Medicine. Thesis: *“Anthropological Documentation of Trepanation in Antiquity: The Cases from Ierissos, Chalkidiki and Matala, Crete”*. Grade: Excellent.
- 2000 BA, Democritus University of Thrace, Department of History and Ethnology, specialization in Ethnology. Grade: Very Good.

Lifelong Learning and Training

- 2023 DUTH Innovation Challenge, Innovation Hub, Democritus University of Thrace.
- 2022 3D Forensic Facial Reconstruction, Philippe Froesch, VISUALFORENSIC.
- 2019 Mu.SA MOOC: Museum Sector Alliance Project, Essential Digital Skills for Museum Professionals. Hellenic Open University, DAISSy Research Group, Melting Pro Learning (MeP), Italy, ICOM Portugal, Link Campus University di Roma, Symbola – Foundation for Italian Qualities, University of Porto, Institute of Vocational Training AKMI, Istituto Beni Culturali, ICOM Greece, Culture Action Europe (CAE), Mapa das Ideias (MAPAS).
- 2018 Research Exploitation and Innovation Workshop, Technology Transfer Office, Aristotle University of Thessaloniki.
- 2017 Culture and Tourism for Economic Development and Crisis Response, ACT - American College of Thessaloniki.
- 2015 Tourism Promotion and Communication, Lifelong Learning Programs, Aristotle University of Thessaloniki.

Professional Experience

Research Projects

- 2026 Research project *Evolutionary Medicine*. Organization and implementation of the joint MSc programme of Democritus University of Thrace in collaboration with University of Zurich, within the framework of Subproject 3: “*Internationalization of Higher Education Services*” of the project SUB2: “*Universities of Excellence*” (MIS Code TA 5180665), funded by the Recovery and Resilience Facility “Greece 2.0”. Responsibilities included contribution to the preparation and organization of the MSc programme, technical support of the curriculum on educational platforms and authoring-tool licensing subscriptions, development of virtual laboratories, dissemination, and promotional activities.
- 2024-present ERC research project *CityLife: A Bioarchaeological Study of 1,800 Years of Resilience and Adaptation to Urbanity*. Laboratory of Biological Anthropology, Democritus University of Thrace. Project management and research execution.
- 2023 Research project *APOIKIA: “Utilizing new ancient DNA analysis technologies in the contemporary interdisciplinary study and promotion of ancient Corinthian colonization. The example of Ancient Ambracia and Ancient Tenea as showcase sites*. OPEN INNOVATION IN CULTURE, European Regional Development Fund (ERDF) of the European Union, Operational Program Competitiveness, Entrepreneurship & Innovation (EPAnEK). Project contract with TETRAGON SA for the physical and digital facial reconstruction in skeletons from Ancient Ambracia.
- 2022 Research project *Cave3 – Development of a Digital Platform and Open-View Laboratory for the Promotion, Documentation and Conservation of the Petralona Cave*. Operational Programme Competitiveness, Entrepreneurship and Innovation, Open Innovation in Culture, General Secretariat for Research and Innovation (GSRI). Project contract with the Centre for Research and Technology Hellas (CERTH-IBO) for the digital facial reconstruction of the Petralona skull.
- 2021-2023 Research project *ECHOES: Digital rEconstruction of anCient Human biOgraphiES through the Study of Archaeo-Anthropological Material from Thessaloniki*. Research–Create–Innovate II, Operational Programme Competitiveness, Entrepreneurship and Innovation (EPAnEK). Research participation in anthropological and archaeological research and

virtual/augmented reality applications. Contributions included skeletal analysis (preservation, sex and age estimation), health and biological profile assessment (stature and body mass indicators), preparation of publications for international peer-reviewed conferences and journals, and documentation/database management of digitized skeletal remains.

- 2020-2021 Research project *BIOMUSE: The Genomic Heritage of Ancient Greece: Bringing Digitalized Human Bio-History to Museums* (KE 82113). European Union - General Secretariat for Research and Technology (GSRT). Responsibilities included sample acquisition, anthropological analysis and reconstruction of (pre)historic individual biographies, facial reconstruction in a skeleton from Ancient Tenea, dissemination and public outreach activities.

Archaeological Fieldwork Experience

- 2011-2013 16th Ephorate of Prehistoric and Classical Antiquities of Thessaloniki, within the framework of the Thessaloniki Metro construction project. Responsibilities included excavation, documentation, and study of osteoarchaeological material.
- 2008-2011 32nd Ephorate of Prehistoric and Classical Antiquities of Thesprotia. Rescue archaeological investigations conducted within the projects “*Improvement of Provincial Road No. 9 from Aerodromio to Karvounari*” (NSRF, Operational Programme Thessaly–Central Greece–Epirus 2007–2013) and “*Archaeological Research Expenditures*” for the project “*Connection of the Igoumenitsa–Preveza National Road with the Egnatia Odos, Karteri Junction–Mesovouni Junction*” (Interreg III). Responsibilities included excavation, documentation, and study of osteoarchaeological material.
- 2004-2008 8th Ephorate of Prehistoric and Classical Antiquities of Corfu. Participation in the projects “*Enhancement and Redevelopment of the Gitana Archaeological Site*” (3rd Community Support Framework, Regional Operational Programme of Epirus, 2000–2006) and “*Construction of the Corfu Lyric Theatre*” (3rd Community Support Framework, Operational Programme Culture, 2000–2006). Responsibilities included excavation, documentation, and study of osteoarchaeological material.
- 2003 20th Ephorate of Prehistoric and Classical Antiquities of Chios. Participation in the project “*Enhancement of the Archaeological Site at Archontiki, Psara*” (3rd Community Support Framework, Regional Operational Programme of the North Aegean, 2000-2006). Responsibilities included excavation, documentation, and study of osteoarchaeological material.

- 2000-2001 8th Ephorate of Prehistoric and Classical Antiquities of Corfu. Participation in archaeological investigations conducted at the site of the Corfu Courthouse. Responsibilities included excavation, documentation, and study of osteoarchaeological material.
- 1998-1999 16th Ephorate of Prehistoric and Classical Antiquities of Thessaloniki. Paid internship in archaeological fieldwork carried out within the framework of the construction project of the railway bridge over the Gallikos River. Responsibilities included excavation of osteoarchaeological material.

Other

- 2014-2019 Private sector employee, MPEK Ltd.

Teaching Experience

- 2026 Teaching responsibilities include the courses *“Biological Anthropology: Basic Principles and Methods”* and *“Statistical Applications in Biological Anthropology”*. Master’s program: *“History of Medicine and Biological Anthropology: Health, Disease, and Natural Selection”* Department of Medicine, Aristotle University of Thessaloniki.
- 2022-present Responsibilities include assisted teaching in the course Osteology, Department of History and Ethnology, Democritus University of Thrace.
- 2021 Teaching fellowship within the project *“Support of the Educational Activities of Democritus University of Thrace during the Academic Year 2020–2021 through the Integration of Supplementary Teaching in Addition to Main Lectures”*. Responsibilities included assisted teaching in the field of Evolution and Physical Anthropology for the courses: (a) Bioarchaeology and Forensic Anthropology and (b) Evolution of Anatomically Modern Humans. Department of History and Ethnology, Democritus University of Thrace.
- 2020 Fixed-term academic support position at the Laboratory of Physical Anthropology, Department of History and Ethnology, Democritus University of Thrace. Responsibilities included student training, conducting tutorial sessions, examination supervision, grading assignments and coursework, and providing general support for undergraduate and postgraduate teaching activities.

Member of MSc thesis advisory committees

- 2025 Giapraki Eleni, *Microscopic Analysis of Enamel Hypoplasia in Human Archaeological Material during the Early and Middle Byzantine Period in*

- Thessaloniki. Inter-Institutional MSc Programme “History of Medicine and Physical Anthropology: Health, Disease and Natural Selection”, Aristotle University of Thessaloniki & Democritus University of Thrace. Supervisor: Prof. Christina Papageorgopoulou.
- 2025 Koutoula Athanasia, *Investigation of Living Standards and Diet in the Population of Maximianoupolis during the Byzantine Period*. Inter-Institutional MSc Programme “History of Medicine and Physical Anthropology: Health, Disease and Natural Selection”, Aristotle University of Thessaloniki & Democritus University of Thrace. Supervisor: Prof. Christina Papageorgopoulou.
- 2025 Chondrogianni Areti, *Enamel Hypoplasia as an Indicator of Malnutrition and Physiological Stress in Ancient European Populations: A Meta-analysis and Systematic Review of the International Literature*. Inter-Institutional MSc Programme “History of Medicine and Physical Anthropology: Health, Disease and Natural Selection”, Aristotle University of Thessaloniki & Democritus University of Thrace. Supervisor: Prof. Christina Papageorgopoulou.
- 2025 Patta Natalia, *The Foramen Magnum as a Sexually Dimorphic Anatomical Structure: A Comparative Population Study*. Inter-Institutional MSc Programme “History of Medicine and Physical Anthropology: Health, Disease and Natural Selection”, Aristotle University of Thessaloniki & Democritus University of Thrace. Supervisor: Prof. Christina Papageorgopoulou.

Publications in Scientific Journals and Edited Volumes

1. **Aidonis A.**, Ganiatsou E., Bantavanou P., Kakasa C., Protopsalti S., Tzevreni S., Vasileiadou S., Konstantinidou K., Papageorgopoulou C. (2026). *Urban Survival, Population Dynamics and Historical Transitions in Thessaloniki (316 BC–AD 1500)*. *Archaeological and Anthropological Sciences*, 18, 74.
